FDA Commissioner
Docket No. 00N-1396/00D-1598
FDA Dockets Management Branch (HFA-305)
Food and Drug Administration
5630 Fishers Lane, Room 1061
Rockville, MD 20852

I am writing in support of the following:

- All genetically engineered foods and food ingredients should be labeled so that the consumer is informed and has a choice.
- Genetically engineered foods should not be assumed to be safe and should be subject to mandatory pre-market safety testing.
- There should be a moratorium on genetically engineered foods until long-term studies show they are safe for human health and the environment.
